Headache Remedy AND FAMILY MEDICINE

South Brewer, Me., 1906.
"I have been troubled with a severe headache for the past year, and have found relief by using the L. P. M. medicine, and have kept it in the house as a regular medicine since."
Yours truly,
Nellie Vanadestine.

The cause of much sickness can usually be traced to liver and stomach. You can keep these organs in condition necessary to good health by taking L. P. M. medicine. They remove existing evils and insure sound and lasting health. Begin to-day. 35c. at drug stores.

Indigestion

Stomach trouble is but a symptom of, and not a true disease. We think of indigestion, and indigestion as real diseases, but it is only a symptom of a certain specific disease. The cause of indigestion is the stomach. The stomach is the first and most important organ of the digestive system. It is the stomach which receives the food and breaks it up into small particles, so that it can be absorbed by the system. If the stomach is not in good health, the food will not be properly digested, and the system will be weakened. Dr. Shoop's Restorative is a powerful medicine which acts directly on the stomach, and restores it to its normal health. It is a safe and reliable medicine, and is recommended by all the leading physicians of the day.

TORTURING PAIN.

Hold This Man's Sufferings Would
Have Killed Many a Person,
But Don't's Cured Him.

Thousands of grateful people are telling every day how Don's Kidney Pills cured them of distressing and dangerous kidney and bladder troubles.

Yet other thousands are suffering every day from the same trouble. Why? They are either very negligent or very stupid. Neglect of kidney ailments leads to dropsy, diabetes, Bright's disease and other fatal diseases.

Recent, honest testimony like the following should convince every skeptic.

A. C. SPRAGUE, stock dealer, of Normal, Mo., writes: "For two whole years I was doing nothing but buying medicine to cure my kidneys. I do not think that any man ever suffered as I did and lived. The pain in my back was so bad that I could not sleep at night. I could not ride a horse and sometimes was unable even to rise in a car. My condition was critical when I sent for Don's Kidney Pills. I used three boxes and they cured me. Now I can go anywhere and do as much work as ever. I sleep well and feel no more pain at all."

A FURTHER TEST of this great kidney medicine which cured Mr. Sprague will be found on application to any part of the United States. Address: Federal Bldg., New York, N. Y. Sold by all druggists, price, fifty cents per box.

THE HOME CIRCLE.

Pleasant Evening Recreations—A Column Dedicated to Tired Mothers as They Join the Home Circle at Evening Tide.

Mind Your Own Business.

Those are just the words. Had we looked through Webster's Unabridged we could not have found four words that expressed so entirely our meaning as those. We believe the four words were made with direct reference to the grumbling growling mischief-makers.

People who never mind their own business are very much such a class of animals as the cross, surly, whiffet dogs, that are always barking, biting and napping somebody. We wonder if they would appreciate a lecture? We will ask them a few questions just to find out. Don't you think the world and the people in it will live and prosper without the tremendous anxiety you carry on your shoulders by keeping an eye on everything and everybody in the whole neighborhood and world besides?

Can't Mrs. A. make a sweet cake without your lying awake nights for fear there is going to be a wedding and you will not be invited? Can't Jennie have a new gown but you must immediately see it, know the price, and for what special occasion it was purchased, or die of curiosity? Can't neighbor B. and his wife go by but you'll bet they're going to see somebody and have a slighted you.

Did God make you and us on purpose to superintend His Universe, and everybody's affairs and assume the control of the "free will" of every man, is this the purpose and plan of our existence and destiny, to forever be meddling with somebody's business? It gives us "that tired feeling" to think of the pains some people take to gather the smallest item of "news."

They leave their own garden to grow full of weeds while they are trying to pull up before everybody the few they pull from their neighbor's. They do everything but mind their own business. They never speak of their own faults or follies. No indeed; by the time the whole town is criticized and judgment pronounced, they have not a moment left to do more than congratulate themselves on their own good works.

People who don't mind their business bring more misery into families, societies and churches than everything else combined. They turn the pleasant, peaceful stream of good will into a lathhouse pool.

Minding your own business will make peaceful homes, happy neighbors and a sweet conscience that will make us know why Jesus loved the peace-makers and said of them "Blessed are the peace-makers, for they shall be called the children of God."

Now this is plain talk, but if the shoe does not fit you, then don't put it on, but should it fit the longer you wear it the better it will be for you and the entire community.

Good Counsel.
No young man can hope to rise in society, or perform worthily his part in life, without a fair moral character. The basis of such a character is a virtuous, fixed sense of moral obligation, sustained and invigorated by the fear and love of God. The youth who possesses such a character can be trusted. Integrity, justice, benevolence, truth, are not with him words without meaning; he feels and knows their sacred import and aims in the tenor of his life to exemplify the virtues they express. Such a man has decision of character; he knows what is right and is firm in pursuing it; he thinks and acts for himself, and is not to be made the tool of unprincipled and time-serving politicians to do the dirty work of party. Such a man has true worth of character; his life is a blessing to himself, to his family, to society and to the world, and he is pointed out to future generations as a proper example for the rising youth to emulate.

Correct Speaking.
All young people should acquire in early life, the habit of correct speaking and writing, and to abandon, as early as possible, any use of slang words or phrases. The longer you live the more difficult the language will be, and if the golden age of youth, the proper season for the acquisition of language, be passed in its abuse, the unfortunate victim, if corrected, is very properly doomed to talk slang for life. Money is not necessary to procure this education. Every man has it in his power. He has merely to use the language which he reads instead of the slang which he hears; to force his taste from the best of speakers and poets in the country; to treasure up choice phrases in his memory and habituate himself to their use, avoiding at the same time that patois pronunciation and bombast which show the weakness of one's education rather than the polish of an educated man.

Two Ways.

There are two ways of starting on life's journey. One is to begin where your parents are ending—magnificent mansions, splendid furniture, and an elegant turnout. The other is to begin a little nearer where father and mother—of blessed memory—began.

You see you can go up as easily and gracefully, if events show it would be safe; but it would be trying and awkward, to come down. And it costs much now to live. And business fluctuates; and health is uncertain; and temptations from the side of pride are strong, and many a young man who did not mean to be extravagant, has been led along and rather than face the position and demand manfully, has tried to keep up by embezzlement and been called a "swindler." Our prisons are rapidly being filled by these who make the mistake of beginning life at the top of the ladder.

Married Men.
There is an expression in the face of a good married man who has a good wife, that a bachelor's face cannot possess. It is indescribable. He is a little nearer the angels than the head-somest young fellow living. You can see that his broad breast is a pillow for somebody's head, and that little finger pulled his whiskers. No one ever mistakes the good married man. It is only the erratic one that leaves you in doubt. The good one can protect all the unprotected females, and make himself generally agreeable to the ladies, and yet never leave a doubt on any mind that there is a precious little woman at home worth all the world to him.

Every parent is like a looking-glass for children to dress themselves by. Therefore parents should keep the glass bright and clear, not dull and spotted, as their example is a rich inheritance for the rising generation.

SHAKE IN A BOTTLE.
Now is the time when the doctor gets busy, and the patent medicine manufacturers reap the harvest, unless great care is taken to dress warmly and keep the feet dry. This is the advice of an old eminent authority, who says that Rheumatism and Kidney trouble weather is here and also tells what to do in case of an attack.

Get from any good prescription pharmacy one-half ounce Fluid Extract Sassafras, one ounce Compound Sassafras, three ounces Compound Syrup Sassafras. Mix by shaking in a bottle and take a spoonful after meals and at bedtime.

Just try this simple home-made mixture at the first sign of Rheumatism, or if your back aches or you feel that the kidneys are not acting just right. This is said to be a splendid kidney regulator, and almost certain remedy for all forms of Rheumatism, which is caused by uric acid in the blood, which the kidneys fail to filter out. Any one can easily prepare this at home and at small cost.

Druggists in this town and vicinity, when shown the prescription, stated they can either supply these ingredients, or if our readers prefer, they will compound the mixture for them.

WIT AND WISDOM.

The Boy's Idea.

"Pop!"
"Yes, my son."
"I see by this paper that it costs over \$1,000 to fire a single shot from one of the largest guns used in the French army."
"Yes my boy."
"I suppose, pop, there would not be a fine like that if a fellow fired it on the Fourth of July!"—Yonkers Statesman.

Patience—How did the report of Peggy's engagement get out? I thought she hadn't whispered it to a soul.
Patience—No, she didn't; she used a megaphone!—Yonkers Statesman.

Suffered day and night the torment of itching piles. Nothing helped me until I used Doan's Ointment. It cured me permanently.—Hon. John H. Garrett, Mayor, Girard, Ala.

Common to Both Professions.
Maude's papa is night editor on a newspaper, a fact which Maude apparently hasn't learnt; for when some one asked her a few days ago what her father did for a living, she replied: "I don't know. I think he's a burglar, 'cause he's out all night."—Royal Magazine.

Health physics react, weaken the bowels, cause chronic constipation. Doan's Regulax operates easily, tones the stomach, cures constipation. 25c. Ask your druggist for them.

Kept His Word.
"On the day I marry you," said the young man solemnly, "I shall quit drinking."
And he kept his promise. Much as he needed a nip on the fatal morning, he carefully stayed away from booze till the sun had set.—Cleveland Leader.

It Does The Business.
Mr. E. E. Chamberlain, of Clinton, Maine, says of Doan's Astringent Syrup: "It does the business; I have used it for piles and cured them. Used it for chapped hands and it cured them. Applied it to an old sore and it healed it without leaving a scar behind." 25c. at W. E. Rosserman's drug store.

Beast.
Mr. Jawback—You don't seem to have gained any knowledge of human nature.
Mrs. Jawback—Never had a chance—I've lived with you ever since I can remember.—Cleveland Leader.

A Higher Health Level.
"I have reached a higher health level since I began using Dr. King's New Life Pills," writes Jacob Springer, of West Franklin, Maine. "They keep my stomach, liver and bowels working just right." If these pills disappoint you on trial, money will be refunded at W. E. Rosserman's drug store. 25c.

Tit for Tat.
The Congressman (sternly)—You seem to forget, madam, that there is such a word as "obey" in a marriage contract.
The Congressman's Wife—Is there? Why isn't it funny how "pokes" do creep into things?—Puck.

Accidents will happen, but the best regulated families keep Dr. Thomas' Electric Oil for such emergencies. It soothes the pain and heals the hurts.

Now in His Glory.

Common to Both Professions.
Maude's papa is night editor on a newspaper, a fact which Maude apparently hasn't learnt; for when some one asked her a few days ago what her father did for a living, she replied: "I don't know. I think he's a burglar, 'cause he's out all night."—Royal Magazine.

It Does The Business.
Mr. E. E. Chamberlain, of Clinton, Maine, says of Doan's Astringent Syrup: "It does the business; I have used it for piles and cured them. Used it for chapped hands and it cured them. Applied it to an old sore and it healed it without leaving a scar behind." 25c. at W. E. Rosserman's drug store.

WEST PARIS.
The New Year finds our three large manufacturing industries working full time with plenty of orders for the winter.

For the want of snow the Paris Manufacturing Co. has at its lumber camp in Greenwood seven hundred and seventy thousand feet of cut lumber in the woods yarded in monstrous piles. The company has 35 men working in the woods. The camp looks neat and tidy with a young man by the name of Martin from Oxford dressed in his white cap, frock and apron as cook. He informed the writer that he made every day three hundred biscuits, one hundred and fifty doughnuts, cooked six quarts of dry beans, potatoes and vegetables in proportion. He makes pies twice a day which would mean some thirty-six pies a day. He said the average one barrel of flour every three or four days and a good sized beef creature every seven days. This was one man's work with the assistance of a cook who washed the dishes and did the rough work.

Mr. Clarence Redden was the successful competitor for the H. E. D. route No. 3 from West Paris.

Mr. Joseph de Roche was severely injured in the woods last Saturday by falling beneath a sled fracturing two ribs and otherwise being severely injured.

The want of snow is very discouraging to our lumbermen.

Red and green will be the colors in the decorations for the Clark's hall. Hundreds of yards of crepe paper will be used. These bright colors of harmonious shades combined with the brilliancy of electric lighting will make an effective setting for the "party given" and happy fates of the dancers.

**A NATION OF ORIPLES
RHEUMATISM BE-
YOND CONTROL**

The Only Hope to Rheumatic Sufferers
Is Urto-O Treatment.

If rheumatism continues to spread as
it has in the past few years, it would
soon be a nation of cripples. The ter-
rible destructiveness of this disease is
apparent on every side of us. Al-
most none out of ten of the cripples
one meets had their affliction brought
on by Rheumatism. How many these
hands were are there that are hope-
lessly paralyzed and whom we never see.

Rheumatism, from the very nature of
the disease can never cure itself and
if neglected is bound to grow worse in
stead of better. If you ever have any
twinges of Rheumatism go to your drug-
gist and get a bottle of Urto-O, the
wonderful new Rheumatic Specific. It
will cure you and it is the only treat-
ment in the world that will cure you
permanently and thoroughly. Urto-O
cures by its direct action on the mus-
cles, blood and kidneys. It seeks out
the poisonous Urto and Rheumatic Acid
and drives it from the system and in
the only treatment of such a nature
that will ever cure Rheumatism. Ideal
cures and cures only serve to drive
it from one spot to another. They
never cure Rheumatism, because it is
primarily a blood disease, and until
the blood is cleared from the poison, a
cure cannot take place.

There was never a case of Rheuma-
tism that Urto-O could not cure and
you should not get off taking it. You
can test Urto-O free of charge if you
will. Just cut out this advertisement
and send it to the Smith Drug Co., 816
Broadway, New York, N. Y., together
with your name and the name of your
druggist, and state that you have never
used Urto-O and would like to try it.
They will give you free, through your
druggist, a 75 cent bottle, which you
can test and try to your own satisfac-
tion.

Urto-O is sold and personally recom-
mended in Bethel by W. R. Hooterman.

CANTON.

The residents of Canton were aroused last Saturday morning about two o'clock by the fire whistle and the cry of fire. It proved to be the DeHoson building, owned by H. J. DeHoson of Portland, the lower floor being occupied by Bicknell & Standley as a grain store and the treatment above by Geo. B. Standley and family. The fire is supposed to have caught from a defective chimney. Mr. and Mrs. Standley were awakened by the cracking of fire and on going to the attic discovered the blaze around the chimney. They hurriedly brought water and tried to extinguish the flames, but the fire had made such rapid progress that it was of no avail and the family barely escaped in their night clothes. Mr. Standley lost all his household goods with the exception of a sewing machine and two chairs and carried no insurance. Bicknell & Standley carried a stock of grain valued at \$4,500, with an insurance of \$3,000. A small amount of flour and grain was rescued from the store, and the books of the firm were also saved. The building was insured. A quantity of household goods belonging to Mr. DeHoson were stored in the building. C. E. Saunders of Livermore, had about four hundred barrels of apples stored in the cellar of the building, which were to have been shipped in a day or two. The DeHoson Fire Company did excellent service as usual and though the fire was too far advanced to save the building the near by buildings were saved, which would have been next to impossible however had there been any breeze. Bicknell & Standley are contemplating resuming business as soon as a suitable location can be found. Much sympathy is felt for the losers, especially Mr. Standley and family, who have lost nearly everything. They are at present stopping with J. W. Bicknell and family. The DeHoson building was erected about eighteen or twenty years ago and was used by Mr. DeHoson as a store, their home being in the upper part, until about two years ago when they moved to Portland. It was a nice building and an addition to the town, and the ruins speak of the loss to the place.
